DETAILED ACTION

1. Claims 1-15 are pending.

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on January 9, 2006 has been entered.

Response to Arguments

Applicant's arguments, see pg. 6, 2nd paragraph, filed December 5, 2005, with respect to Claims 1-15 have been fully considered and are persuasive. The rejections of claims 1-15 has been withdrawn.

Allowable Subject Matter

2. Claims 1-15 allowed.
3. The following is an examiner's statement of reasons for allowance:

Amendments to the claims overcome the prior art rejections made in the previous action. The prior art of record (Cromer et al., 6,684,326) fails to disclose a client computer accessing an authentication stack during a power on self-test that enables authentication of a remote server for

Art Unit: 2132

authorization to boot the client computer. None of the other references cited in the prior action combine with Cromer to disclose the amended limitations to claim 1.

An updated search did not uncover any new prior art. The previously cited prior art is the closest art of record. No art disclosing, nor motivation to combine has been found which recites the limitations of a client computer accessing an authentication stack during a power on self-test, an authentication stack enabling authentication of a remote server and authorizes the authenticated remote server to boot the client.

All other pending claims are dependent on claim 1 and are allowable for that reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
